	STEP	ACTION	WHAT TO DO	APPROVED COLOR/ BRAND	NOTES:
PREP	1	Cleanse	It's always best to start with a clean face!	your choice	something hypoallergenic works best on young skin
	2	Moisturize	always apply moisturizer of choice under basic foundation. It smoothes out the finish of the foundation and makes it easier to apply character makeup. Do this even for oily skin.	your choice	
	3	Color Correction	Blue tones (dark under-eye circles) Red tones (acne)	your choice - a good concealer helps hide minor imperfections	(optional)
FACE	4	Foundation	Using a makeup sponge/wedge to cover entire face from hairline down to neck (don't stop at chin). Blend edges!! Remember to apply to eyelid as well.	Find a coverage 2-3 shades darker than your normal shade. Stick within your skin tone - ivory skin gets darker ivory, olive skin gets darker olive, etc. Darker skin tones can stay with their normal shade. Brand: Maybelline Dream Matte or Smooth Mousse	The stage lights wash out the skin so its necessary to give some color so they don't look like sickly little ghosts. It should still blend with their neck and hairline fairly well. If its not you've gone too dark or are using a shade that isn't their tone.
	4b	Powder	Using a powder brush or the applicator pad do a once over to seal the foundation.	match to foundation Brand: your choice.	(optional)
EYES	5a	Medium Eyeshadow	cover the entire eyelid from lash to brow	Color tones can vary based on character. Recommend at least a 4 color palette Suggested: L'Oreal Perpetual Nude, Absolute Taupe, or Rose Nude; Maybelline Natural Smokes or Mocha Motion Quad	Cake it on! Just like with the foundation, the stage lights are going to wash you out so to start out apply it to where you'd be comfortable going out in public and then pump it up another 2 levels more.
	5b	Darkest eye shadow	Follow the crease from inside to outer edge. Follow the underside of the brow bone.	BROWNS: Angel, Cavalry, Soldier, Spanish, Maids	
	5c	Lightest eye shadow	Highlight the lid and the upper arch just under the brow.	PLUMS: Party Girls, Clara, Tooters, Marzi GRAYS: Snow, Mice	
	7	Black eye liner	Using a freshly sharpened pencil. Trace eyeliner on top and bottom. You may want to extend just a smidge beyond the eye, but no further than an eyelash length. IF your first part is CAVALRY, SOLIDER, SLEIGH ATTENDANT do not apply eyeliner on bottom! We will be drawing lashes on you for first scene.	Black - pencil, felt tip liner, etc. Brand: Rimmel, L'Oreal Lineur felt tip liner or MK in Black	DO NOT USE LONG WINGS!.. We have found that the wings are not good for pics
	8	Mascara		Black Mascara - your choice but must be BLACK!!	TIP: if you're doing this on someone else the easiest thing to do is have them close their eyes and then on the top lash brush first down from the top and then up from the bottom. You get a good 1st coat without them wincing
	9 (**)	False Eyelashes	**ONLY FOR SELECT PARTS**	<u>PP3, Waltz, All leads, Adult Women</u> Brand: Andrea Modlash #53 DOLLS ONLY: Andrea Modlash #33	You may find you need to add a bit of mascara to the lash. If you are wearing lashes then we recommend you buy one set of lashes for each performance Buy first set with the adhesive glue and then you can usually purchase additional sets without the glue for a reduced price.

	STEP	ACTION	WHAT TO DO	APPROVED COLOR/ BRAND	NOTES:
CHEEKS	10	Blush	Apply along cheekbone brushing upward. Do not apply to apples of cheeks. *IF your ONLY part is CAVALRY, SOLIDER, SLEIGH ATTENDANT, BON-BON you do not need blush. You will be wearing felt cheeks or makeup which we will apply.	Brand: Wet N Wild Fantastic Plastic Pink	
	11	Lipliner	trace outer edges of lip. It will keep lipstick from bleeding.	red to match lipstick.	(optional)
LIPS	12	Lipstick	<u>If you are a Tooter:</u> start with chapstick. It will help soften the red. Apply lipstick, blot and then powder over so they are more a subtle shade. Everyone else keep it bright.	RED - lipstick Brand: Loreal Color Rich In True Red (#315 or #320); Revlon ColorStay in Unending Red; e.l.f Red Carpet	Tip: Using a little foundation on the lip will help lipstick to stay bright. If applying to a child then the use of a brush will help immensely!
	13	Eyebrows	Especially for the blondes! Take a medium brown pencil or some brown mascara and lightly color over the brows. Use a brow brush to even out the color.	Medium brown shades work best. You want it to look natural, just a bit darker. Brand: entirely your choice	(optional) Tip: Even if you don't need to darken them take some chapstik and do a once over to keep them groomed in place.
